SAMPLE OUTPUT:

The screenshot displays the E-Learning Management System homepage. At the top, the title "E-Learning Management System" is centered, with the tagline "Learn Anytime • Learn Anywhere" below it. A navigation bar includes links for Home, Courses, Students, Instructors, and Contact. A "Welcome" message states that the system helps students learn online, access courses, submit assignments, and track progress. The "Available Courses" section features a table with three courses: C101 (HTML Basics, 4 Weeks, Mr. Kumar), C102 (Python Programming, 6 Weeks, Ms. Anitha), and C103 (Machine Learning, 8 Weeks, Dr. Rao). Below this is the "Student Registration" form, which includes input fields for Name, Email, and Password, a dropdown menu for Course (currently set to HTML Basics), and a green "Register" button. The "Instructors" section shows a table with three instructors: Mr. Kumar (Web Development, 5 Years), Ms. Anitha (Python, 6 Years), and Dr. Rao (AI & ML, 10 Years). The browser's address bar shows the file path C:/Users/DELL/Desktop/web/page1.html#courses, and the Windows taskbar is visible at the bottom.

Instructors

Name	Specialization	Experience
Mr. Kumar	Web Development	5 Years
Ms. Anitha	Python	6 Years

This screenshot shows the same E-Learning Management System homepage, but with an additional "Contact Us" section at the bottom. The "Available Courses" and "Student Registration" sections remain identical to the previous screenshot. The "Instructors" table now includes a third entry: Dr. Rao (AI & ML, 10 Years). The "Contact Us" section provides the email address elearning@lms.com and the phone number +91 98765 43210, with a "Go to Top" link below it. The browser's address bar and Windows taskbar are also visible.
